SPECIAL TRADE CONDITIONS

(to be read in conjunction with the General Conditions of Sale as approved by The Royal Institution of Chartered Surveyors)

GARDEN / SUMMER EQUIPMENT

The goods sold on this site are sold as 'trade' and as a customer purchasing via this site you are not covered by legislation that protects non trade consumers. Regardless of the classification of the lot on sale, all merchandise sold on this site is sold without any form of warranty or guarantee. Full liability for any future issues with all merchandise will sit with the purchaser from this site and not the retailer, Pro Auction or its agents. As a perspective purchaser you need to consider these facts before bidding and reflect this in any bid that you make.

The lots consist of items that are supplied as returned by the consumer to the retailer or manufacturer. These items could be anything from Brand new boxed stock to distressed broken items. Every item will need to be tested and made fit for resale by the buyer. All buyers are to accept that the item is used and in a second hand condition prior to placing a bid.

Under no circumstances must any product purchased through this site be returned to any retailer (either online or physical location) for an attempted refund or exchange. Any such occurrence will be treated as fraud or

attempted fraud by the retailer. In the event of fraud the retailer may proceed with civil proceedings to recover the full cost of the fraud, including all investigation and administration costs. It is your responsibility to explicitly pass this condition on to any customers who purchase any stock from you.

The lots consist of returns from customers as "faulty" although no testing at store or warehouse has taken place. This product may be missing some accessories. Packaging may be missing.

All lots are sold on the condition that the merchandise will either be repaired, reworked or recycled by the purchaser to allow future resale to an end user, or alternatively will be resold as second hand in the same condition that it is purchased. This product is sold on the understanding that it will not be resold as 'new' and that any electrical products will be tested by a qualified electrician before resale.

To the fullest extent permitted by law, Pro Auction gives no warranty or representation of any kind, either express or implied, as to the quality, condition or fitness for purpose of the merchandise, nor is any warranty or

representation to be taken to have been given or implied from anything said or written in negotiations with the auctioneers or their representatives prior to purchase.

By purchasing a lot through this auction you undertake to ensure that either you, or anybody subsequently purchasing some or all of this product from you with the intention of selling these products on to members of the public, fully comply with all current and future Waste Electrical & Electronic Equipment (WEEE) regulations & General Product Safety Regulations (GPSR), and that upon purchase of the merchandise you will indemnify Pro Auction from all obligations with regards to final disposal or resale of the merchandise in line with both WEEE & GPSR regulations and any other such regulations that come into force as part of UK or EU law.

Prospective purchasers are advised that all lots are sold as seen and they should therefore thoroughly check the condition of lots before bidding.
