8.6 The Buyer agrees that the General Conditions and the exclusions which they contain are fair and reasonable bearing in mind that:-

(1) the Buyer must rely absolutely on the Buyer's own opinion and/or professional advice concerning the quality state, condition, performance and functionality of the Lots any right, title or interest which is sold under the terms of these General Conditions, their fitness and suitability for any particular or any purpose, the possibility that some or all of them may have defects not apparent on inspection and examination including, without limitation, the presence of contamination and the possibility that the Buyer may not acquire title and the fact that the Buyer would have no remedy under this Agreement should that happen;

(2) the Buyer has available to it skilled professional advice and on that basis agrees to purchase a Lot for a consideration calculated to take into account amongst other things the risk to it represented by the fact that the parties believe that all the exclusions and limitations set out in these General Conditions would be recognised as being fully effective by the Courts and the Seller making it clear that it would not have agreed to sell any Lot on any other basis except for a higher consideration;

(3) the Buyer has been given every opportunity which might reasonably be expected to examine and inspect the Lots.
